

## Contemporary dances

The wide range of Ecuadorian rhythms, they speak of our musical wealth that surpasses the traditional and folkloric, the mestizo contribution to the national culture and the modern schools of dance, they allow to put in the scenario, new proposals of making a choreography the national music; therefore, with versatility and image of contemporary ballet, we offer like part of our repertoire, stylized choreographies of pasillos, yaravies, albazos, aires tipicos, pasacalles, capishcas and any other rhythm interpreted by the universal music's big teachers.
