

## Mestizos Dance

The colony in our history, alone not was a process of imposition, exploitation and conflicts, the surprising domain of the fine arts, the incursion in the sciences, the creation of new musical rhythms and the coalition of races and social customs, they also left its print positive a figured miscegenation of romanticism and courtship that up to now is part of the daily life the coastal and mountain

You come the dances then of living room the best braveries and the most refined attires that harmonize with the elegance to shine and dexterity takes the new steps. Pasillos, pasacalles, albazos and cachullapi, among other, will get dressed of silk to reaffirm our cultural wealth; the serenades and songs to the compass of the guitars, acordiones and popular bands, they will also shine with having tuned voices and they will sing to the love, to the homeland and the life.
